

Senior Architect

Shanghai, China

Salary dependent on experience

Good English ability has priority

About us

BDP Shanghai has been responsible for the design and delivery of an increasing number of high quality projects across all sectors throughout China.

The studio is developing quickly and we require motivated and experienced Sr. architects to join our 40+ growing design team and help driving our direction in a new wave of challenging, high profile projects.

Ultimately we are looking for a candidates that aspire to creating great places and are keen to progress their career with a major design practice.

About you

You are preferred to have People's Republic of China registered Architect Class 1 license or equivalent qualification, as well as Local Design Institute work experience.

English proficiency and Chinese nationality is both highly required.

Exceptional design skills, and strong experience gained through a minimum 5 to 10 years post degree working with successful design firms.

You will have excellent working knowledge of Revit, AutoCAD, Excel, PowerPoint, and InDesign as well as rendering packages. A good working knowledge of China codes and regulations.

We place great value on team work and collaboration, so you will need to demonstrate a strong team working ethos. You will be able to work effectively with people at all levels, from all backgrounds and have excellent communication skills, both verbally and in writing. Ability to help manage a smaller team across multiple projects will be required.

BDP offers

In return, BDP offers an excellent opportunity for your personal development as well as an attractive remuneration package.
